

WE TRANSFORM INFORMATION SYSTEMS & NETWORKS

We transform information systems and networks. Through assessing, understanding, and remediating vulnerabilities. We align cybersecurity practices with governance. We tackle today's challenges, which, in turn, secures your tomorrow.

Elliott Management LLC Capabilities Statement

Contract Vehicles:

Accepts Government Credit Cards

DUNS: 078703388

CAGE Code: 83LG6

Website: www.ellimgmt.com

Phone: 307-996-6144

Email: Elliott@ellimgmt.com

NAICS Codes: 541512, 541611, 541330, 541690, 541618, 541513

Professional Certifications: CISSP, CCNP, CASP+, Network+, Security +CE, LIPC-1, MCSA, MCSE, Nessus, RHCE, VCP5, ISOC, ISP, ITIL, SFPC, SPSC

Primary Capabilities

Cybersecurity Assessments – We perform rigorous evaluations of security profiles and readiness of automated, physical and technical controls, policy, procedures and governance.

Cybersecurity Assurance – We provide lifecycle support to Information Systems/Networks governed by AFI 17-101, CMMC, DAAPM, FISMA, HIPAA, JSIG, NIST and PCI standards.

Cybersecurity Governance – We help define risk management policies, strategy, and goals.

Cybersecurity Lifecycle Support – We identify your critical assets (e.g., networks, topology) and external dependencies; develop measures and policies commensurate to the risk profile.

Vulnerability Assessments – We perform Tenable and SCAP scans pinpointing operating system, applications, and configuration vulnerabilities within the Information Systems/Networks.

Complementary Capabilities

SAP/SCI Security Management – We perform cradle to grave security support for sensitive and special programs. We sustain programmatic excellence in Classification Management, Program Security, Personnel Security, Physical Security per DoDM 5200.01 V1-V3, DoDM 5200.02, DoDM 5205.07 V1-V4 and ICD 703, 704, 705, and 710.

Enterprise IT Services – We help develop and transform customers' current IT posture with contemporary, agile, effective and secure resolutions.
